Students will be notified of the details through announcements. Individual students to be dismissed must secure an associate school activity pass from Student Services.
- Students who are reported absent from the SCCTC are not permitted at any associate school unless on official business and with the permission of associate school principal.
- Any student suspended or expelled from the SCCTC will also be suspended or expelled from the associate school in regards to attendance and extracurricular activities.
- In order to keep SCCTC students informed of events at their associate school announcements will be made daily and posted on the bulletin board located outside the Student Services office.
- The associate schools operate school transportation and enforce all regulations.

Student Lockers:

Lockers are assigned to all students. Students must provide their own locks. **Lockers are school property; school personnel may inspect lockers and contents at any time.**

Student Fees:

Students are responsible for items issued to them and a replacement fee for lost items will be assessed. MasterCard/VISA payments are acceptable. Any returned check fees will be assessed to the student account.

Seniors will **not** receive completion materials and juniors will **not** receive their grade cards at the end of the year unless all fees (including cafeteria charges, library fees, etc.) are **paid in full.** All fees must be paid on or before the seniors' last day of classes in order for their portfolios to be ready for the completion ceremony.

Tools are the property of the SCCTC, but students will be permitted to keep them in their possession throughout the designated school year. All tools must be turned in at the end of each school year or the student will be required to pay for all items not returned. Students are permitted to purchase tools at anytime and must notify the Business Office of their intentions to do so. Payment arrangements can be made at anytime, however, any item not paid in full must be returned to the SCCTC at the end of each year. VISA/ MasterCard payments are accepted.

Textbooks:

Textbooks are the property of the SCCTC Board of Education and are on loan to students. All books should be handled carefully since others must use them. Students will be assessed the value of the book if the book is damaged in any way -- other than normal wear -- while the books are in their possession.

Cafeteria:

The school will have a **closed lunch period**. This means that students will not leave the school grounds during the lunch period or have catered/delivered lunches. Students may bring a lunch and eat in the cafeteria or purchase lunch. Students should not sit at the ends of tables, and the aisles should be free and not blocked by students or chairs. Tables shall be clear and chairs shall be placed under the tables before students leave the cafeteria. There should be no food (drink, candy, etc.) taken from the cafeteria. No students will be permitted in the teachers lounge.

Visitors:

Students are not to bring visitors, spouses, or children to school to spend the day or any part of the day in class with them. Parents and members of the community are always welcome to visit the school and should be directed to the Reception Office to receive a visitor's pass when they enter the campus.

****Visitors will not be allowed on campus between the hours of 10:30 a.m. and 12:00 noon.**

Use of Telephone:

Students will not be permitted to receive personal phone calls. In case of an emergency call by a parent/guardian, a number where the parent/guardian can be reached will be taken and a message will be delivered to the student. Students are not to use the telephones that are in the classrooms; these classroom telephones are for instructor use only. The use of any office telephone is designated for emergency use only. Personal phone calls are not to be made from any office telephone. If the curriculum dictates telephone usage in lab areas, then the student may use the telephone at the discretion of the lab instructor. A student shall not use or possess electronic pagers (beepers) or cellular telephones at school. Violation of this policy will result in confiscation of the device and may result in disciplinary action. The district is not responsible for the loss, theft, damage or vandalism to student cellular phones or electronic communication devices as well as other student property.

Intervention programs such as individual and group tutoring is available to all students. The Student Services office will post intervention-tutoring schedules. Students caught cheating in any way will result in the invalidation of test scores.

All career-technical students in Ohio are tested periodically throughout their programs with special career-technical career assessments (ITACS/OCAPS) designed to monitor each student's skill development and to help the school improve instruction.

Career Passport:

This professional document includes a listing of specific career-technical skills, a resume, a completion certificate and test results. This passport may also include copies of awards, transcripts,

and other credentials.

Seniors to Sophomores:

The state of Ohio has provided incentive for schools to promote dual-enrollment opportunities to their students. The Scioto County CTC is participating in an option identified as "seniors to sophomores".

Academically qualified high school seniors will have the opportunity to earn a year's worth of both high school and college credit at no cost through the pilot of this very important program.

Post High School:

College Planning

Students interested in going on to post-secondary education may get information on a variety of two-year and four-year colleges and technical schools from the student services office.

Scholarships

All students may apply for any scholarship at the SCCTC. Examples of scholarships that are awarded to SCCTC students are:

- Ohio Academic Excellence Scholarship
- Shawnee State Academic Excellence Scholarship

Financial Aid

Students who wish to go on to post-secondary education and need financial assistance will have access to financial aid applications through the Student Services office. FAFSA forms become available in January and should be completed by March.

College Visitation

Students who wish to have an excused absence to visit a college or technical school must request written approval from the Student Services Office. Level I students will be permitted one day for a college/technical school visit. Level II students will be permitted three days for a college/technical school visit. Students who wish to visit a college must have prior approval and have registered or taken the ACT test. A college visit will not be counted as a day absent at the SCCTC.

School-to-Work Transition:

The goal of the school-to-work transition service of SCCTC is to assist in locating positive placement relating to the career-technical experience. We believe that through personalized training, advanced technology and community partnerships the SCCTC is providing the region with a superior workforce. Positive placement may include program-specific employment, other employment, military service, college or post secondary education. The job placement coordinator implements this service.

Each worksite will be an equal opportunity employer and will not discriminate against the student on the basis of race, color, national origin, gender and disability in hiring, assignment to work tasks, hours of employment, levels of employment, levels of responsibility and pay. Although the goal of this service is to aid in locating employment opportunities for each completer, it must be emphasized that it is impossible to guarantee everyone employment upon program completion. Every effort will be made, however, to achieve our goal.

Internships

Internships will be part of our school-to-work philosophy at SCCTC and will be developed on an individual basis with programs, students, and employers.

Work Permits

Students under the age of eighteen must obtain work permits in the administrative office at their associate schools.

Criteria for Advanced Placement/Internship:

ATTENDANCE

The Board believes that there is a direct, positive correlation between a student's academic success, his/her attendance, and the amount of quality time that is actually spent on instruction and learning activities. Frequent absence from school disrupts the continuity of the instruction process. As a result, the benefit of regular classroom and laboratory instruction is lost, and can never be entirely regained even by make-up work.

Therefore, when a student has an unexcused absence, he or she will receive a "zero" for all assignments that day and may not make up missed assignments for credit. Students who exceed five (5) unexcused absence days or more per academic period will have their grades reduced by five percent (5%) that period for each unexcused day of absence in addition to receiving a zero for assignments. Extenuating circumstances may cause the district to refrain from imposing academic penalties for unexcused absences. Extenuating circumstances will be determined on a case by case basis. Appeals may be made pursuant to the grade reduction procedure.

Students who are absent more than 10 absences in a semester will not receive credit for any class or program in that semester.

Attendance in Tech Prep or ½ day programs:

Students who are involved in ½ day programs at the SCCTC have responsibilities at other facilities for the other half of their day. These students are counted as being absent for an entire day at the SCCTC for any absence, even though they may attend a portion of their day at the second facility.

Mentorship Programs in Health Tech Prep:

Students who are enrolled in Health Tech Prep programs are required to attend clinical experiences

located at community locations (an example would be SOMC). These are documented as a portion of the approved curriculum offering and will be under the same scrutiny and will follow the same rules as if in attendance at the SCCTC. These students will be answerable to representatives from the approved facilities.

Absence:

Students who are not in attendance at the SCCTC or their associate school participating in an approved school activity shall be counted tardy or absent according to the following guidelines:

Tardiness

A student who reports after 8:20 a.m. and before 9:20 a.m. will be counted tardy.

The Assistant Director-Discipline and Attendance and the Secondary Director will complete administrative review of tardiness due to extreme conditions (such as late buses or hazardous weather conditions).

One-half Day Absence

A student who reports to school after 9:20 a.m. but before 11:30 a.m. will be counted 1/2 day absent.

One-fourth Day Absence

One-fourth day attendance may be considered by an appeals committee for students receiving **NO CREDIT** due to excessive unexcused absences.

Full Day Absence

A student who fails to report to school before 11:30 a.m. will be counted absent the entire day.

A student who obtains an early dismissal and leaves school before 11:30 a.m. will be counted absent the entire day.

Reporting Absence:

A student's parent/legal guardian must call the school by 9:30 a.m. when a student cannot attend school. A call will be placed to the student's home if the school has not been contacted by 10:30 a.m. All excused and unexcused absences will be reported to the Assistant Director-discipline and attendance.

Parents or guardians of adult students will not be advised of school grades or other appropriate school records unless the school has a valid written consent of the adult student authorizing the release of same to them.

Returning to School after an Absence:

The student must report first to the office of the Assistant Director-discipline and attendance to receive a class admittance slip. **The student will present the following:**

Parent/legal guardian or adult student note (limit three (3) days per semester). The note must include:

- Date of return
- Student's full name
- Days and dates of absences
- Reason for absence
- Signature of parent/legal guardian
- Signature of adult student

OR

- Other verification of excused absence (see "Excused Absences")

Upon returning to class, a student must complete work missed. **It is the student's responsibility to ask the instructor for make-up work.**

Make up Work

Make up work will be provided to students for an excused absence. **All make up work must be completed in five (5) school days upon returning to school.**

Excused Absences:

To obtain an excused absence, **a student must submit a written excuse** to the Assistant Director-attendance and discipline within five (5) days after returning to school. The following reasons are allowable for excused absences:

- A parent/legal guardian note (limit three (3) days per semester) for personal illness
- Verification from parent/legal guardian for death or illness within immediate family. The absence arising from this condition is limited to a period of three (3) days in one given year unless a reasonable cause may be shown by the student for a longer absence
- Quarantine
- A written excuse from the doctor or dentist
- Compulsory legal business
- Verification from parent/legal guardian for observation of a religious holiday
- An emergency set of circumstances judged sufficient by school authorities
- College Visitation, see page 9.
- Out-Of-State: time that a student is absent from school for the sole purpose of traveling out of state (limit four (4) days per year) to participate in an enrichment activity approved by the district or school governing body or in an extracurricular activity. If the student will be out of state for four consecutive school days for a school-approved enrichment activity, a classroom teacher employed by the district or school must accompany the student to provide instructional assistance.

Unexcused Absences:

Unexcused absences include days missed due to truancy, suspension, expulsion, failure to provide verification for absence, or days exceeding parent/legal guardian notes.

Excessive Unexcused Absences

The following penalties will apply for excessive unexcused absences in a nine-week grading period:

Fifth Unexcused Absence	(1) Day ALC & parent conference
Sixth Unexcused Absence	(2) Days loss of lab time
Seventh Unexcused Absence	(3) Days loss of lab time or loss of driving privileges for (5) days
Eighth Unexcused Absence	Loss of driving privileges for (5) days & loss of lab time for (3) days
Ninth Unexcused Absence	Loss of driving privileges for (5) days & loss of lab time for (5) days

A student who has accumulated five (5, 10, or 15) days of unexcused absences will be referred to the Scioto County Truant Office who will send a "Five-Day, Ten-Day, and a Fifteen-Day Notice" to the parent/legal guardian.

Students who are absent more than ten (10) days in a semester will not receive credit for any academic course in that semester.

Students who are absent more than twenty (20) days for the school year will not receive

credit for any program/lab course.

A student who has accumulated five (5) days of absences will have a consultation with a review committee consisting of the Assistant Director-attendance and discipline, the Secondary Director, a counselor, and the student's parent/legal guardian.

The Assistant Director-attendance and discipline will automatically send a "Fifteen-Day Notice" to the county truant officer when a student accumulates fifteen (15) days of unexcused absences. In addition, the student and parent/legal guardian will be required to appear in Juvenile Court.

Excessive Tardiness to School

The following penalties will apply for excessive tardiness to school in a nine-week grading period:

Third Tardy	(1) Day ALC or Detention & loss of driving privileges for (1) day
Fourth Tardy	(1) Day ALC or Detention & loss of driving privileges for (2) day
Fifth Tardy	Loss of driving privileges for (5) days
Sixth Tardy	Loss of driving privileges for the remainder of the respected nine weeks
Seventh Tardy	2 Days ALC and parent conference
Eighth Tardy	Loss of driving privileges for the remainder of the respected semester and referral to Juvenile Court Attendance Officer

Excessive Tardiness to Class

The teacher will assign a forty-minute detention to students tardy to class more than twice in any nine-week grading period. After the second tardy to class in a nine-week grading period, the student will be given a forty minute detention per each tardy.

Early Dismissals:

No one is to excuse a student to leave school for any reason without first contacting a parent or guardian. ALL early dismissal permits must be obtained from the Assistant Director-attendance and discipline.

Early dismissals for students who are serving ALC or who have not maintained the 93% attendance rate **will not be permitted** except for circumstances judged sufficient by school authorities.

Students are not to be excused by any instructor to leave school property without authorization.

Home Instruction:

Career-Technical students who will be absent from school for an extended period of time due to medical reasons may be eligible for home instruction. When it becomes evident that a student will be absent from school for reasons considered excusable for a period in excess of ten (10) days, the SCCTC Student Services department shall contact the student's associate school to request a home tutor. The student shall be responsible for reporting the anticipated absence to the SCCTC Assistant Director - attendance and discipline and the student must complete the necessary written request for home instruction according to the associate school district's policy. The responsibility for providing a tutor rests with the student's associate school.

SCCTC instructors will be notified and may be responsible for providing assignments to the student during the time for which home instruction has been approved. The assignments are to be turned in to the Student Services office who will forward them to the tutor.

Those students that are on home instruction are not permitted to attend any extra curriculum activities associated with the SCCTC. Special circumstances may be approved by the Director.

If the student on home instruction is a GRADS student, the GRADS Coordinator shall coordinate

the transfer of assignments and materials between the career-technical instructors and the tutor. The GRADS Coordinator shall make at least weekly contact with the student, tutor and career-technical instructors to effectively facilitate completion of all necessary assignments, lessons, tests or other educational projects.

Special arrangements can be made for modifications of lab and academic classes during the time a student is on home instruction.

Grading of assignments and issuance of grades to a student on home instruction may be done by either instructor or tutor, based on prior arrangement. If agreement is not reached regarding these issues between teacher and tutor; Secondary Director, program supervisor, and the Assistant Director-attendance and discipline, in consultation with the associate school principal, shall make the final determination.

CONDUCT AND DISCIPLINE

The behavior causes either mental or physical harm to the other student and is sufficiently severe, persistent or pervasive that it creates an intimidating, threatening or abusive educational environment for the other student. This behavior is prohibited on school property or at a school-sponsored activity.

Permission, consent or assumption of risk by an individual subjected to hazing, bullying and/or dating violence does not lessen the prohibition contained in this policy.

Prohibited activities of any type, including those activities engaged in via computer and/or electronic communications devices, are inconsistent with the educational process and are prohibited at all times. No administrator, teacher or other employee of the District shall encourage, permit, condone or tolerate any hazing and/or bullying activities. No students, including leaders of student organizations, are permitted to plan, encourage or engage in any hazing and/or bullying.

Administrators, teachers and all other District employees are particularly alert to possible conditions, circumstances or events that might include hazing, bullying and/or dating violence. If any of the prohibited behaviors are planned or discovered, involved students are informed by the discovering District employee of the prohibition contained in this policy and are required to end all such activities immediately. All hazing, bullying and/or dating violence incidents are reported immediately to the Superintendent/designee and appropriate discipline is administered.

The Superintendent/designee must provide the Board President with a semiannual written report of all verified

incidents of hazing and/or bullying and post the report on the District's website.

The administration provides training on the District's hazing and bullying policy to District employees and volunteers who have direct contact with students. Additional training is provided to elementary employees in violence and substance abuse prevention and positive youth development.

District employees, students and volunteers have qualified civil immunity for damages arising from reporting an incident of hazing and/or bullying. Administrators, teachers, other employees and students who fail to abide by this policy may be subject to disciplinary action and may be liable for civil and criminal penalties in compliance with State and Federal law.

No one is permitted to retaliate against an employee or student because he/she files a grievance or assists or participates in an investigation, proceeding or hearing regarding the charge of hazing and/or bullying of an individual.

HAZING, HARASSMENT, INTIMIDATION AND BULLYING

The prohibition against hazing, harassment, intimidation and/or bullying is publicized in student handbooks and in the publications that set the standard of conduct for schools and students in the District. In addition, information regarding the policy is incorporated into employee handbooks and training materials.

Hazing, harassing, intimidating and/or bullying behavior by any student/school personnel in the District is strictly prohibited, and such conduct may result in disciplinary action, including suspension and/or expulsion from school. Hazing, harassment, intimidation and/or bullying means any intentional written, verbal, graphic or physical acts, including electronically transmitted acts, either overt or covert, by a student or group of students toward other student/school personnel with the intent to haze, harass, intimidate, injure, threaten, ridicule or humiliate. Such behaviors are prohibited on or immediately adjacent to school grounds, at any school-sponsored activity; in any District publication; through the use of any District-owned or operated communication tools, including but not limited to District e-mail accounts and/or computers; on school-provided transportation or at any official school bus stop.

Hazing, harassment, intimidation and/or bullying can include many different behaviors. Examples of conduct that could constitute prohibited behaviors include, but are not limited to:

1. physical violence and/or attacks;
2. threats, taunts and intimidation through words and/or gestures;
3. extortion, damage or stealing of money and/or possessions;
4. exclusion from the peer group or spreading rumors;
5. cyber bullying through the use of any district owned or operated communications tool such as the following:
 - A. sending abusive or threatening e-mails, web site postings or comments and instant messages;
 - B. using camera phones to take embarrassing photographs or videos of students and/or distributing or posting the photos or videos online.

In evaluating whether conduct constitutes hazing, harassment, intimidation and/or bullying, special attention is paid to the words chosen or the actions taken, whether such conduct occurred in front of others or was communicated to others, how the perpetrator interacted with the victim and the motivation, either admitted

or appropriately inferred.

School Personnel Responsibilities

Teachers and other school staff, who witness acts of hazing, harassment, intimidation and/or bullying, as defined above, promptly notify the building principal/designee of the event observed no later than the next school day.

Teachers and other school staff who receive student or parent reports of suspected hazing, harassment, intimidation and/or bullying promptly notify the building principal/designee of such report(s). If the report is a formal, written complaint, the complaint is filed with the building principal/designee no later than the next school day. If the report is an informal complaint by a student that is received by a teacher or other professional employee, he/she prepares a written report of the informal complaint which is filed with the building principal/designee no later than the next school day.

Students, parents or guardians and school personnel may make formal or informal complaints of conduct that they consider to be hazing, harassment, intimidation and/or bullying by written or verbal report to a teacher, school administrator or other school personnel. Such formal or informal complaints must be reasonably specific as to the actions giving rise to the suspicion of hazing, harassment, intimidation and/or bullying, including person(s) involved, number of times and places of the alleged conduct, the target of the prohibited behavior(s) and the names of any potential student or staff witnesses. The school staff member or administrator who receives an informal complaint promptly documents the complaint in writing, including the above information. The formal or informal complaint along with the written report by the school staff member and/or administrator is promptly filed with the building principal/designee for review and action.

Administrator Responsibilities

The principal/designee is notified of any formal or informal complaint of suspected hazing, harassment, intimidation and/or bullying. Under the direction of the building principal/designee, all such complaints are investigated promptly. A written report of the investigation is prepared when the investigation is complete. The report includes findings of fact, a determination of whether acts of hazing, harassment, intimidation and/or bullying were verified, and, when prohibited acts are verified, a recommendation for intervention, including disciplinary, action is included in the report. Where appropriate, written witness statements are attached to the report.

A. Investigation

Notwithstanding the foregoing, when a student making an informal complaint has requested anonymity, the investigation of such complaint is limited as is appropriate in view of the anonymity of the complaint. Such limitation of the investigation may include restricting action to a simple review of the complaint (with or without discussing it with the alleged perpetrator), subject to receipt of further information and/or the withdrawal by the complainant student of the condition that his/her report be anonymous.

B. Non-disciplinary Interventions

When verified acts of hazing, harassment, intimidation and/or bullying are identified early and/or when such verified acts do not reasonably require a disciplinary response, students may be counseled as to the definition of the behavior, its prohibition and their duty to avoid any conduct that could be considered hazing, harassing, intimidating and/or bullying.

C. Disciplinary Interventions

When acts of hazing, harassment, intimidation and/or bullying are verified and a disciplinary response is warranted, students are subject to the full range of disciplinary consequences.

Report to the Parent or Guardian of the Perpetrator

If after investigation, acts of hazing, harassment, intimidation and/or bullying by a specific student are verified, the building principal/designee notifies the parent or guardian of the perpetrator, in writing, of that finding. If disciplinary consequences are imposed against such student, a description of such discipline is included in such notification.

Report to the Victim and his/her Parent or Guardian

If after investigation, acts of hazing, harassment, intimidation, and/or bullying against a specific student are verified, the building principal/designee notifies the parent/guardian of the victim of the finding. In providing such notification, care must be taken to respect the statutory privacy of the perpetrator.

Hazing, harassment, intimidation, and/or bullying matters, including the identity of both the charging party and the accused, are kept confidential to the extent possible. Although discipline may be imposed against the accused upon a finding of guilt, retaliation is prohibited.

Police and Child Protective Services

In addition to, or instead of, filing a complaint through this policy a complainant may choose to exercise other options including, but not limited to, filing a complaint with outside agencies or filing a private lawsuit. Nothing prohibits a complainant from seeking redress under any other provision of the Ohio Revised Code or common law that may apply.

The District must also investigate incidents of hazing, harassment, intimidation and/or bullying for the purpose of determining whether there has been a violation of District policy or regulations, even if law enforcement and/or the public children's services are also investigating. All District personnel must cooperate with investigations by outside agencies.

NON-DISCRIMINATION POLICY

The Scioto County CTC Board of Education and its staff are dedicated to providing equal opportunity. No student or employee of the SCCTC shall, on the basis of sex, race, color, national origin, disability, religion or age, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving federal assistance as provided by Title IX, Section 504, and Title V.

Student Anti-Harassment Policy:

SEXUAL/RACIAL AND ALL FORMS OF HARASSMENT BY SCHOOL EMPLOYEES,
OTHER STUDENTS,
OR THIRD PARTIES

(Regardless of race, color, national origin, gender, age, and disability)

Conduct constituting harassment may take different forms, including but not limited to the following inappropriate behaviors:

Sexual Harassment:

Verbal:

The making of written or verbal sexual innuendoes, suggestive comments, jokes of a sexual nature, sexual propositions, or threats to or by a fellow student, staff member or other person associated with the district, or by third parties.

Non-Verbal:

Causing the placement of sexually suggestive objects, pictures, or graphic commentaries in the school environment or the making of sexually suggestive or insulting gestures, sounds, leering, whistling, and the like to or by a fellow student, staff member, or other person associated with the District, or by third parties.

Physical Contact:

Threatening or causing unwanted touching, contact, or attempts at same, including patting, pinching, brushing the body, or coerced sexual activity to or by a fellow student, staff member, or other person associated with the district, or by third parties.

Race, Color, National Origin, and Disability Harassment:

Verbal:

Written or verbal innuendoes, slurs, comments, jokes, insults, threats, or disparaging remarks concerning a person's race, color, national origin, gender, disability, religious beliefs, etc. to or by a fellow student, staff member, or other persons associated with the District, or by third parties.

Non-Verbal:

Placing objects, pictures, or graphic commentaries in the school environment or making insulting or threatening gestures to or by a fellow student, staff member, or other person associated with the district, or by third parties, the alleged harasser is a student, staff member, third parties, or other persons associated with the District, or by third parties.

Physical:

Any intimidating or disparaging action such as hitting, hissing, cursing, spitting, hazing, bullying on or by a fellow student, staff member, or other persons associated with the District, or by third parties.

Any student who believes that he/she is the victim of any of the above actions or has observed such actions taken by another student, staff member, or other persons associated with the District, or by third parties should promptly take the following steps:

1. If the alleged harasser is a student, staff member, third parties to the district other than the Assistant Director-attendance and discipline, the affected students or their parents/guardians should contact the Assistant Director-attendance and discipline as soon as possible after the incident. ***(The Assistant Director-attendance and discipline must immediately send to the Title IX Coordinator a copy of the alleged harassment complaint).***
2. If the alleged harasser is the Assistant Director-attendance and discipline, the affected student(s) or their parents/guardians should, as soon as possible after the incident, contact the District's Title IX Coordinator or if the student is disabled, their Section 504 Coordinator at the school's administrative board office.

The student(s) or parents/guardians may make contact either by a written report or by telephone or personal visit. During the contact the reporting student should provide the name of the person(s) who he/she believes to be responsible for the harassment and the nature of the harassing incident(s).

Each report received by the District's Title IX Section Coordinator as provided above shall be investigated in a timely and confidential manner. While a charge is under investigation, no information is to be released to anyone who is not involved with the investigation except as required by law or is in the contact of a legal administrative proceeding. No one involved is to discuss the subject outside of the investigation.

The purpose of this provision is to:

1. Protect the confidentiality of the student who files a complaint
2. Encourage the reporting of any incidents of sexual, racial, or other forms of harassment
3. Protect the reputation of any party wrongfully charged with harassment

Investigation of a complaint will normally include conferring with the parties involved (if under 18 years of age may include parents), and any named or apparent witnesses. All students and others involved are to be protected from coercion, intimidation, retaliation, or discrimination for the good faith filing of a complaint or assistance in an investigation.

The District recognizes that determining whether a particular action or incident is harassment or, conversely, is reflective of an action without a discriminatory or intimidating intent or effect must be based on all of the facts in the matter. Given the nature of harassing behavior, the district recognizes that false accusations can have serious effects on innocent individuals. Therefore, all students are expected to act responsibly, honestly, and with the utmost candor whenever they present harassment allegations or charges against school employees, other students, or third parties.

INTERNET POLICY

The purpose of the Scioto County Career Technical Center's computer network is to support and facilitate the research and education of its students and teachers by providing access to resources and the opportunity for collaboration. The Internet provides a connection to computer systems from all over the world. The SCCTC firmly believes that the valuable information and interaction available on this worldwide network far outweighs the possibility that users may procure material that is not consistent with the educational goals of the district. The SCCTC cannot control what might be available on other systems. Some information is controversial and sometimes offensive. The SCCTC does not condone the use of such materials and will automatically cancel accounts of those who access this kind of material.

In order for the purpose of the network to be achieved and access to the network to be equitable, certain rules and procedures must be followed. Before students may use the Internet they will be asked to sign an *Internet Acceptable Use and Safety Policy*. Some of the areas included in this policy are:

Use

1. The use of the network must be in support of education and research and be consistent with the educational objectives of the SCCTC.
2. Transmission of any material in violation of any U.S. or state regulation is prohibited. This includes but is not limited to: copyright material, threatening or obscene material, hate mail, chain mail, harassment, discriminatory remarks, and other antisocial behavior.
3. Uses for commercial or political purposes are not acceptable.
4. Subscriptions to list servers must be reported to the network administrator. Prior approval is required for students.
5. Vandalism will result in cancellation of all privileges. Vandalism is defined as the attempt to harm or destroy data of another user or equipment (hardware) of the network.
6. Students are to take care of all equipment and should immediately report any damage during routine use to District personnel.
7. Installation of software onto the network or onto individual workstations by students is prohibited. Downloading software from the network or individual workstations is prohibited. Students may not use personally owned software on the network.

8. Accessing inappropriate material is prohibited.
9. No interactive game playing is permitted.
10. Students must have the instructor's permission before printing information from the computer.
11. Students may not monopolize network resources.
12. Students may not attempt to circumvent District internet filtering.
13. Students will only have computer network and internet access during the course of the school year.
14. Students are not to participate in electronic chat room or bulletin board postings unless under the direct supervision of a teacher, and then only for educational purposes.
15. Students are not to share their passwords or account information with others, nor are they allowed to use another person's account to gain access to the network. In the event another student is using your account, you should notify District personnel immediately to get your account password changed.
16. Students will be asked to sign a new policy each year during which they are students in the District before they are given an access account.

Security

17. When assigned an account:
 - a) Select a password that is unique that others will not be able to readily guess. A password that includes some numbers is more difficult for others to guess.
 - b) **DO NOT** tell others your password. You are responsible for **ALL** transactions involving your account. Change your password frequently, especially if you think someone might know it.
18. All students' files and messages stored on the file server or any workstations are property of the District and may be subject to periodic inspection.
19. Only the authorized user of the account shall use accounts for authorized purposes. You are ultimately responsible for all activity under your account.
20. Do not consider e-mail as private. Messages sent using wrong user names or addresses go directly to the person designated as postmaster for that server and will be read by that person. The network administrators can also read messages. Once sent, you have no control over what the receiver does with your message. That person may forward it on to other people, but your name will stay encoded with that message as the original sender, so be careful what you write

21. The District will utilize filtering software or other technologies to prevent students from accessing visual depictions that are (1) obscene, (2) child pornography, or (3) harmful to minors. The District will also monitor the online activities of students, through direct observation and/or technological means, to ensure that students are not accessing such depictions or any other material which is inappropriate for minors.

Netiquette

22. Netiquette: You are expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to:
 - a) being polite
 - b) use of appropriate language -- do not swear or use vulgar language
 - c) keep messages brief
 - d) do not use the network in such a way as to disrupt the use of the network by others
 - e) report all problems immediately to your teacher or the network administrator
 - f) if you receive a message of questionable content or origin, immediately report this to your teacher or network administrator

Privilege

23. Use of the network is a privilege, not a right. Inappropriate use will result in a cancellation of this privilege. Network administrators will determine what is inappropriate and their decision is final. Network administrators may close an account at any time.
24. Accounts may be granted for up to one academic year at a time, provided the Acceptable Use Policy is read, agreed to, and signed. All students' accounts will be terminated at the end of each school year and must be reestablished the next school year by completing another Acceptable Use Policy.
25. Cyber-bullying on school property and at school events is prohibited behavior which could be perpetrated with computers, cellular phones, internet websites, and/or any other electronic device. Cyber-bullying is not limited to where the bullying originates but also includes where it is communicated.

(A copy of the *Internet Acceptable Use and Safety Policy* may be obtained in the Secondary Director's Office.)
