November 18: Sophomore Hands On Day

November 29: Allied Health/American Red Cross blood drive

A Brief History of Our School: The Scioto County Joint Vocational School District began accepting high school and adult students in 1971. In 2007, the district changed its name to the Scioto County Career Technical Center. Students can choose from 17 secondary programs and 14 post secondary programs. In addition, the district sustains 14 secondary satellite programs located at our associate school districts.

Program Spotlight

The main thing they do in the Masonry Program is lay brick, blocks, and stones. The main goal for students after they graduate from the program is to find a job in the construction industry and have a successful career. In order to pass the program, students must be sure to show up and do their work. The hardest part about the program, according to the instructor, is working with the blocks because some of them can weigh up to 52 pounds.

CTC Staff Interviews

By: Jerry Holsinger

Mr. Copley

Jerry- "What was your previous roles at CTC?"

Copley- "Through the 18 years, I started as an assistant principal, then I was principal, then I became superintendent."

Jerry- "What advice would you give the juniors and seniors at CTC?"

Copley- "Focus on their academics and programming, put themselves in position to graduate and find a career after graduation, Remember where you came from and who took care of you your last two years of high school."

Jerry- "Whats your favorite car and why?"

Copley- "1991 Chevy Pickup, Because its what I use to drive to work and go to school in for 6+ years."

Jerry- "What's an interesting story at CTC that you talk about to this day?"

Copley- "A student had gotten a piece of candy stuck in their throat and we had a teacher jump into action by performing the Heimlich on a student but the student didn't need Heimlich because the student wasn't actually choking. All was safe and well in the end."

Jerry- "What do you enjoy about your job?"

Copley- "Not a lot, there's a lot of paperwork and you don't really get to interact with the staff and students as much as you like."

Jerry- "Is there anything you miss about your previous jobs?"

Copley- "I miss being principal because it allowed me to be around students and staff and it felt like you were able to accomplish things daily that were for the good of the students and staff."

Mrs. Duke

Jerry- "Out of Cosmetologist, Teacher, and Photography which one is your favorite and why?"

Mrs. Duke- "Doing hair, because I enjoy meeting new people and helping people feel like their best self."

Jerry- "What is one of your favorite hairstyles to do out of school/ in salon?"

Mrs. Duke- "My favorite is formal hair styles, which would include prom, weddings, or any kind of formal events."

Jerry- Who is your celebrity crush?

Mrs. Duke- "My Top 3 are Tom Hardy, Christian Bale, and Tom Ellis"

Jerry- "What is your favorite location to take photos?"

Mrs. Duke- "The woods because the leaves in Autumn are turning. I like the crunchiness of the ground."

Jerry- "What are some of your favorite hobbies?"

Mrs. Duke- "I like to craft with needle art and I LOVE collecting mushrooms and crafting with Cricut. I collect (the) Sears Merry Mushroom collection and anything mushroom related."

Weekly Questions

This week, a poll was taken to see who the favorite principal in the school is, according to seniors.

The poll ended with:

1st Place: Mr. Shoemaker

2nd Place: Mr. Walker Sr.

3rd Place: Mr. Walker Jr.

Another poll was done to determine senior students favorite academic teacher in the school. The results were:

1st Place: Ms. Shultz

2nd Place: Mr. Cottrill

3rd Place: An amazing tie between Mr. Dooley and Mr. Duke

Some students were asked what programs they wished were added to the SCCTC. Here's the results:

SCCTC students would like to see a veterinarian Tech, First Responder, and Heavy Machinery Operator at this school.

(poll counts are removed from these polls as to avoid any fights or grudges held against fellow co-workers)

Editors Note: Quote of the week: "laziness is nothing more than the habit of resting before you get tired."

CTC Student Interview

Questions

"Who is your favorite teacher, and why do you like them?"

"Mr. Timberlake, because hes very hands on with his students and actually show us examples of what we need to do and pushes us to his limits."

"How do you feel about me as an interviewer?"

"Pretty good."

"What's your favorite food and a type of food that you refuse to eat?"

"Mac and cheese. Sushi."

"What's your favorite clothing brand and why?"

"Nike they're very long lasting."

"If all the programs got into a fight, which program would win?"

"Welding."

"If you could change your name what would it be?"

"Michelle."

Opinion

C'mon guys, It's not that hard just to come to school. It doesn't make sense to not come. There are so many things that depend on a high school diploma and a GED isn't the exact same. Also, by not coming you're putting the blame on your parents who trust you enough to drive or catch the bus all by yourself. You shouldn't need mommy or daddy to hold your hand while you leave your house. Just come to school and graduate, we're only here for half a year then you're out of school for the rest of your life if that's what you choose.

What's Going on Around the School

Parent Teacher Conferences were held on Thursday, November 2nd, 2022. Overall, we had 119 parent /guardian conferences that took place during the night.

Before conferences Mrs. Fenton, and Ms. Patrick donated their time to redo and decorate the bulletin board in the orange mile hallway.

Mr. Richard's classes held a mock election on November 8th.

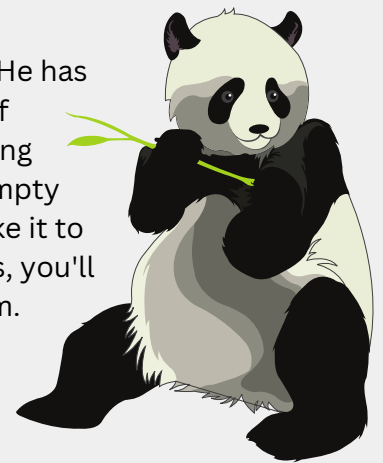

Learn about BPA

The Medical Office Management and Information Technology students are holding their annual Business Professionals of America (BPA) fundraiser. The funds help support the students on their journey through the regional, state, and national competitive events. This year, the organization is selling Jack Links Beef Sticks. The cost is \$2.00 each. The students will begin regional competitions the week of December 5th.

As a co-curricular organization, Business Professionals of America has the ability to enhance student participation in professional and civic service and social endeavors. Business Professionals of America members participate in these activities to accomplish their goals of self-improvement, leadership development, professionalism, community service, career development, public relations, student cooperation, and safety and health.

Auto Tech Program Seniors

Took a field trip to
ODOT located In
Lucasville, Ohio

The seniors got to learn
how the department did
the inspections for their
salt trucks and snow
plows.

Potential job
opportunities were
talked about for future
auto tech students.

ODOT is in charge of all
the highways in Ohio.
They make sure the
roads are clear so we can
get to school in the
winter. They also fill any
and all potholes and
trim all the brush and
grass in and near the
highways.

The Cafeteria staff
celebrated Halloween
by giving out free
pumpkins, and
making holiday
themed treats
