December 15: Job Fair

December 16th: End of first semester

January 6: OU presentation

January 14: SCCTC Winter Formal 'Glitter Gala'

February 2: Red Cross Blood Drive

A Brief History of Our School: The Scioto County Joint Vocational School District began accepting high school and adult students in 1971. In 2007, the district changed its name to the Scioto County Career Technical Center. Students can choose from 17 secondary programs and 14 post secondary programs. In addition, the district sustains 14 secondary satellite programs located at our associate school districts.

Program Spotlight

The carpentry program is mainly about learning how to work with wood and build stuff. The hardest part about the program, according to the instructor, can vary depending on the person. For some it may be the physical part like working with heavy equipment and moving around a lot. For others it may be overcoming their fear of heights because sometimes they have to be high up to build stuff. The most interesting part of the program, according to the instructor, is watching the students take a bunch of random materials and turn them into something cool. In order to pass their program, students need to do their work and make sure they pass the curriculum they use.

CTC Staff Interviews

By: Jerry Holsinger

Jerry- "What's your favorite part about being a English teacher?"

Cottrill- "Seeing who knows how to write"

Jerry- "Whats the biggest challenge you've encountered over the last year?"

Cottrill- "Getting kids to try to write and care about their writing."

Jerry- "Why do you wear funky shirts?"

Cottrill- "People can show their personality through what they wear."

Jerry- "What do you do in your free time?"

Cottrill- "I hang out with my wife, My only friend. Roast fools in halo."

Jerry- "If you had 1 hour to spend \$100,000 , how would you spend it?"

Cottrill- "I would pay \$99,999 to my mortgage, then donate \$1 to charity."

Jerry- "Why do you like cows so much?"

Cottrill- "Cows are peaceful creatures that have a dark past and are the #1 reason of global warming."

Jerry- "What's your favorite memory at CTC?"

Cottrill- "Me and Mr.Richards eating the one chip challenge and bonding, hes like a father to me."

Jerry- "How did it feel being homecoming king?"

Cottrill- "In my heart I was already king, so the title meant nothing to me and my subjects voted out of love for me."

Jerry- "Did you always wanna be a teacher?"

Cottrill- "No, I wanted to be a paleontologist, but their aren't many dinosaurs here, then I went to a college that lied to me, so I wanted to be a radio host but due to my false degree I had to find something else and I needed a job so I applied to be a teacher with no experience and still got the job, because I am a pro."

Mr. Cottrill second year at the CTC

Jerry- "Whats the craziest incident you've had on duty?"

Logan- "3 people were kidnapped by 3 armed guys and I arrested all 3 of them."

Jerry- "What happened to your SUV cruiser?"

Logan- "Got in a pursuit on my way home and he rammed my cruiser three separate times."

Jerry- "Did you always wanna be a cop?"

Logan- "Yes."

Jerry- "Whats your favorite pastime?"

Logan- "Camping."

Jerry- "Have you had to taze anyone? Why?"

"Yes, He had a warrant and ran from me , chased him through the Kroger parking lot."

Jerry- Were you excited when you heard there was a need for a resource officer at a school that you attended as a student?"

"I was excited to have a chance to help the kids that may take the same wrong paths that I did.""

Mr. Logan Shuff
Second year as CTC resource officer

Weekly Questions

Poll conducted with 62 senior students

Where have students learned more, their home school or the SCCTC?

In the two years students have been here they all agreed that they learned more here than at their home school.

What were the overall feelings of the absolute loss of the Buckeyes to the Wolverines?

The majority of students were overjoyed at the loss but there was a small amount that were extremely angry and sad over the massive loss that was that game.

Does anyone believe the supposed "superintendent" Mr. Copley is real? Or is he like a mythical creature, such as Bigfoot or Santa Claus

The consensus was as follows: No, Mr. Copley isn't real, he was made up by Mr. Shoemaker as a scare tactic to get the students to behave.

CTC Student Interview

Questions

Ryky de la Trinidad

Questions:

"What is food?"

"It's a substance you can consume"

"How is food made?"

"You cook it with fire or bake it I don't know just throw things together."

"What is food to you?"

"It's God's gift and beautiful art form, that everyone should have in their lives."

"How does food make you feel?"

"Makes me feel full of happiness"

"Is food real?"

"I feel like it's debatable. It could just be a figment of our imagination."

"Does chocolate milk come from brown cows?"

"I'd like to think it does but sadly not."

Haylie Journey

questions:

"What do you see in your future?"

"Myself working on cars making a better life for myself."

"What goals will you have accomplished by the end of the year?"

"Getting myself a job and getting a career I've been looking forward to since I started this program."

"Do you enjoy hunting?"

"Yeah."

"What is your favorite thing about the CTC?"

"The work environment. You actually get real work and it shows you what it would be like in the real world"

"What goals do you have set in your future to become successful in life?"

"Getting the job I want, getting the career I want after I finish my education at the CTC."

Opinion

So pretty much this is my last opinion piece then y'all are stuck with the next opinionator, so I guess I should make it alright. Honestly, let's just get straight to it. Some of you guys need to grow up.

We have come to this school to better our future and some of you people still act like you did in 5th grade. Just grow up, drop the pettiness, move on and act grown. Peace out y'all!

By: Brooklynn Holt

Editors Note:

Starfish actually do not have brains. I believe there to be a similarity between starfish and some people. The similarity not being that a brain is non-existent with both, but that both do not use their brain at all.

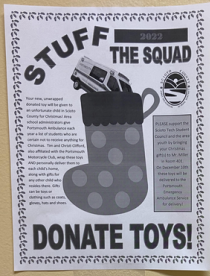

What's Going on Around the School

Sophomore Hands on Day

On this day Sophomores from all county schools may pick two programs to learn in and check out. We had over 800 Sophomores attend. We also welcomed eighth grade tours as well this month.

Student council toy donations & Christmas bake sale

End Of Course Testing and makeups for the state of Ohio

The SCCTC Quiz Bowl Team finished its season with a 10-3 record. I am extremely proud of the students and their hard work throughout the season! The students' dedication truly showed during the season with continuous support from within.

I'd like to thank Mrs. Hammond for helping with transportation throughout the season and for the administrators' support. It goes above and beyond when the students are acknowledged for their hard work and success. Even on the matches where we fell short, the support was evident.

The county match is in March of 2023.

Mr. Miller's government classes went on a field trip to the Ohio Supreme Court

What's Going on Around the School Continued

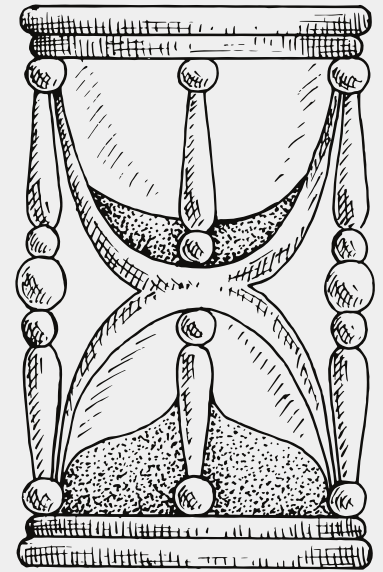

Carpentry House

The whole purpose of this house is to develop skill and learn the trade of carpentry. Towards the end of the year, the house will be auctioned off to the highest bidder. The students learn many skills along with shingling, roofing, dry walling, sheeting, building the frame of the house, insulation, and electricity.
