A Brief History of Our School: The Scioto County Joint Vocational School District began accepting high school and adult students in 1971. In 2007, the district changed its name to the Scioto County Career Technical Center. Students can choose from 17 secondary programs and 14 post secondary programs. In addition, the district sustains 14 secondary satellite programs located at our associate school districts.

# Program Spotlight

This weeks Program spotlight is Allied health in this program you learn about ways to take care of people in the long term care facilities, Then your senior year you learn about Phlebotomy. This program has a variety of jobs like Phlebotomy, CNA, and STNA, The exciting parts about this program are going to clinicians and being able to help people that aren't able to help themselves. Phlebotomy is another exciting part because you are able to draw people's blood. The credits you receive in this program is CPR Training, First Aid. We are all also thankful for Mrs. Lundy coming and helping us throughout our class here. She was a blessing!!!

Julia Miller (carpentry senior)

Olivia: Do you like the program you're in? Is it the one you originally picked? If not, what was your first choice?

Julia Miller: Technically welding was my first choice but I like the carpentry lab more

Olivia : What do you like about your program?

Julia Miller: I get to work with my hands a lot and be creative in not only what i'm working on but how I work too

Olivia: What made you choose this program?

Julia Miller: It's something I've been interested in for a long time I think it all started with the linking log toys

Olivia: If you had to choose another program what would it be and why?

Julia Miller: Masonry I don't have the physical strength to do everything in that lab but the projects in there are really cool and I like the idea of making it

Olivia: Outside of your program is there anything you like about the school? What is it?

Julia Miller: Some of the teachers are really nice and I get along with most of the teachers I've met

Olivia: What is one thing that motivated you to come to votech in the first place?

Julia Miller: It was an easier path to graduation and I like the programs out here

## Opinion

So, lets talk about personal hygiene. It's understandable some of you work, you sweat, you stink, but shower. Crazy thing is, the school provides hygiene products and its prettty clear some of you guys didn't know that. So please keep these things in mind

Anonomous;)

# What's Going on Around the School

CAOSC Head Start toured the Cosmetology Lab. The students were able to participate in multiple hair services provided by the Junior Cosmetology Students.

The Cosmetology Class was invited to participate in a 'Night To Shine' community event. It is a prom for the disabled residents of Scioto, Pike, Ross and Jackson counties. Our students helped the honored guest get ready by providing hair services for event.
